FabrianoinWatercolor USA 2024 – October 14 – 19, Fort Worth, Texas

What is FabrianoinWatercolor?

The largest and most important watercolor exhibition and event has been held for the past 15 years in Italy. This event was started by a group of watercolorists in the small industrial town of Fabriano. Fabriano is where paper making was introduced into Europe in approximately 1264.

This year, we are bringing this important international event to Fort Worth on October 14 – 19, 2024. The event will be held in the Fort Worth Community Arts Center in the Cultural District.

This event includes an exhibition of over 1,000 paintings, from more than 80 countries. During the dates of October 14 – 15 -16 Watercolorists from all over the country and around the world will be demonstrating their painting technics and discussing the state of watercolor as it gains international popularity.

Several art materials companies, such as Fabriano Paper and Daniel Smith, will be there demonstrating their products and Jerry's Artarama will have a store there.

What started as a regional effort displaying a few hundred paintings has grown into an international event involving more than 80 countries. This annual event, held for the past two years in Bologna, displays 1,200 paintings and attracts over 3,000 artists and 5,000 exhibition viewers. The event includes demonstrations, workshops and technical discussions by the best watercolor talent, this brings watercolorists from around the world to this event.

The paintings will be on display from October 14 through October 19. A one-time entry fee of \$20, good for multiple entries, will be charged to view the exhibition of watercolors.

Our program will feature guest speakers and demos by many of the best watercolorists from around the globe. There will be USA artists such as Tom Schaller, Ian Stewart, Carrie, Waller and Stephen Zang. We will also have international artists such as Jansen Chow from Malaysia, Javier Gomesoto from Mexico, Atul Panese from the UAE and Jerome Guerry from France. In all there will be demos by more than 20 artists. Fees for demos is listed on program page.

Special rates have been negotiated at several conveniently located hotels. See list sent with this email.
